To: Public Service Commission,

I appose the upcoming rate increase for Utilities Services Inc for several reasons.

1. The rates are already to high, more than double the rate for Hammond Water customers.

2. For the \$3 million spent by USSC. We have seen no improvements to our antiquated system in Lakewood Subdivision.

3. To my knowledge they have not flushed the system as required.

4. Several meters in Lakewood have not been read due to poor PM.
Meters were covered in dirt and debris.

USSC has no justified reason for a rate increase!

Sincerely,

John Broom
